1. Within these 18 months every student will teach and learn, teach and learn so much of what they know and open to, to river become of all they know and learn, so that their learning, yea, their life is passed from generation to generation of which they are. I love you.

2. Every student will teach and learn and learn and teach and humility walk in above all else, humility being the primary virtue for entry into My kingdom, learner central of Me, gates wide open all, to Me only; giving fish, not stones which haggle and cut, but love which sinews and completes. I love you.

3. Think it not strange I give you all course names and content as you sit in My presence and let Me dictate/reverberate into My chambers/Holy of Holies this day, this hour, for such a time as this. You are called anointed appointed and surrendered to. Thank you. You had a choice. You have it every day. You have it always. See what I have said and rebel not but revel in the love power grace authority abundance I have given you in rest. My rest not of this world, but of My kingdom upon the earth and all others. I love you. I give you Me.

4. Covenant central emitting covenant to covenant. Me to Me, central and replete, every hub and spoke aligned and rotating glide paths in, and out of Me not, forever forevering My body in completeness who levers and never wanting/needing anything again, Me above all else.

5. **My courses come to open the rivers of My blessings, My rest, My hand, My wisdom, which I alone have not, <u>but have given all to My creation.</u>**

6. Were you not with Me on the mountaintops which we created? Did you not wear My robe, as tyke and toddler, walking around as Me when you knew that you were? Were you not at My breast and suckled by only Me?

7. I am life. I am love. I am all in all. **I am at your knee, in humility the world cannot grasp.** Grasping only to do their own thing and walk over My presence day after day relegating their priesthood to Me to mammonized constrainthood of limited not-Me not, unlimited not-Me; forfeiting unlimited Me which inside them they have, covered over with id and ego and constraintship and greed-based thinking I have not prepared for them.

8. Where is My Fatherhood? Have I not prepared for My Son, My daughters, My son/daughters, daughters sons, in whom there is no shadow or variableness of turning, if light chosen, My voice being, pipes and organs of only Me, every good thing in My Father? I love you.

9. Shall we not play together this day, your rest permeating your all, every moment every day, without fear or unrest, My perfect rest preceding My all together togethered-of-Me. I love you.

10. Think it not strange where I take you now; asleep, awake, conventionally, traditionally, beyond. I love you. There is no risk holding My hand, My blood coursing through My/your veins, My blood letting Me wash My all together family of every nation tribe and tongue. I love you.

11. I flow. I torrentially rain upon your desert My people. This is the day the prophet Joel prophesied and desired to participate in. I am. He is (1). I love you.

12. I am He that was born and born again; sons becoming fathers, Father of lights, My lights, My light alone which is every light and no shadow and no variableness turning from My light. I love you. Amen.
